Subject: QA Manager Roles with Starbucks

I have attached the job description for your review and here is a link to the corporate website ([www.starbucks.com](http://www.starbucks.com)). I have hopes that you may know someone that is qualified and would be willing to hear what is going on in terms of Quality at the Columbia, SC and Carson City, NV plants. The company is offering a very competitive compensation and relocation package for the right candidates.

Regards,

Gregory P. O'Neill | Project Manager
