

Our firm is presently working with a client and we are looking for a talented professional to join their team. I was hoping you would be able to recommend someone who perhaps is looking for an exciting opportunity.

The position is for a Quality Assurance Manager in the West.

This talented professional must have ...

- 4 year degree in Food Science, Biology, Quality Control or related field or equivalent work experience
- Strong knowledge of BRC certification requirements
- Previous QC lab experience
- Previous product development experience
- 3 years of work experience in the food manufacturing industry
- Knowledge of regulatory label requirements
- Excellent leadership and team building skills
- Excellent communication skills, both written and verbal

If you know of anyone, kindly have them send me their resume (MS Word format only, please) and I will get the hiring manager to contact them directly.

I wish you continued success and thank you in advance for your help.

Best regards,

Monika

Monika Borrud

Marketing Coordinator
